

Connecting Waters Charter School

Waterford Unified School District

(To be given to Education Specialist for placement in student's file)

STAR Goal Sheet

My name is _____. I am a ____grader and a goal-setter.

Successful people plan for the future. They use goals as a personal road map to guide them where they want to go.

Between March 18, 2010 and April 22, 2010, students at Connecting Waters Charter School will take the California State Assessment called STAR (Standardized Testing and Reporting). This is a 3-4 day testing process.

This year I am setting a goal to improve my score _____ points on the Standards Language Arts Test, and _____ points on the Standards Math Test. Our school is also setting goals for this year's test.

By setting these goals, I am striving to do the very best I can. If I meet my goals, my ES will award me a certificate showing my success!
