October/November 2004 Parent Checklist

(Edusoft Demonstration/Parent List Serve/ESLRs)

By signing below, I acknowledge that my ES has spent time on our home computer demonstrating Edusoft. I now know my user name and password, how to access my student's previous test results, how to access the benchmark exams, and how to print an answer sheet with my student's name on it. If a computer is unavailable or I have no interest in Edusoft, I will still sign, but have marked the appropriate box indicating the reason for not having a demonstration. I have also indicated that I am familiar with what an ESLR is, and whether or not I'd like to be added to the parent list serve. This document will be used for the WASC accreditation process. Thank you for your time. (ESs, please turn in Complete Checklist at your Dec. ES Mtg.)
