# DiscoveryUnits

A **DiscoveryUnit™** is a combination workbook and textbook referred to as a "worktext." There are 10 DiscoverUnits per year in each of the four core subjects (Language Arts, Math, Social Studies, and History). Each DiscoveryUnit includes quizzes and a test to be taken when the DiscoveryUnit is complete.

The DiscoveryUnits have been developed to provide the best learning experience for each student. When the curriculum is used effectively, the student encounters a variety of learning experiences - focus teaching, teacher feedback, social interaction, and integrated learning. The DiscoveryUnit curriculum is a foundation upon which can be built the best education possible for each student.

Each DiscoveryUnit takes approximately three to four weeks to complete.

## Computer Literacy - Professor Teaches™ Series

**Professor Teaches Office 2000** is the complete multimedia training program for all the leading Microsoft® applications. Seven separate tutorials on six CD-ROMs teach you beginning to advanced features of Office 2000 and Windows. Each program offers practical exercises designed to build essential skills quickly and effectively. Step-by-step “how to” instructions make learning easy. Professor Teaches courses use real-world settings and realistic simulations to help your student apply his new knowledge directly to daily tasks and the knowledge he gains becomes an asset for life.

### Easy, Interactive and Complete Training

- Helpful voice narration, colorful graphics, and clear instructions make learning easy.
- Accurate simulations, examples, and self-paced training make learning fun.
- Offers 4 to 8 hours of training per course, organized into specific learning objectives.
- Quizzes at the end of each chapter reinforce learning.
- Summary screens help you retain the key information.
