Re: Elluminate training sessions

Welcome back! I am Mr. Jamie Tinley and I will be helping you with Elluminate, the online learning program. For those of you new to Elluminate there will be three Elluminate Training Sessions on the dates below or use it as a refresher course. You will greatly benefit from attending if this is your first time. The first two dates are the same so choose whichever works best for you. The 3rd session is a followup to answer any questions you may have or for those of you who missed the first two opportunities.

You will need to have the following to get started on Elluminate:

Internet connection (DSL & Cable preferred but dial up will work)
Microphone headset to speak/listen
updated Java at the link below - If the online one does not work then try using the offline one below it
Just copy and paste this link into your Internet explorer address window
