

A Letter From Power-Glide: Support Help Desk

As the 2008 - 2009 School year gets started, the Power Glide team is very excited to present our enhanced offering of award-winning foreign language courses in Spanish, French, German, Latin and Mandarin Chinese for K-12 students. These self-paced, engaging courses include all-new graphics, video, music and games to keep students engaged AND making learning a new language fun and exciting.

We not only improved our foreign language course content and activities; we also added to our Power Glide management team and improved our teacher & school administrator support services.

New Manager of Power Glide Teachers: Mariam Barth Paul

Mariam hails from Arizona; is a certified Spanish teacher who has spent two years teaching business and Spanish at the Arizona Virtual Academy. She has a background in financial analysis and management.

As Manager of our Power-Glide foreign language teachers, Mariam's responsibilities will include:

- Coordinate teacher support for all Power-Glide students
- Recruit, train and manage all teachers
- Play an active roll as a Power-Glide teacher
- Maintain teacher accreditation standards
- Collect, evaluate and communicate teacher and student feedback
- Provide teachers and school administrators with timely student reports

Mariam looks forward to working with you and can be reached directly at

Email: mariamb@power-glide.com

Phone: 928-768-2388

New Service Support Help Desk For Power-Glide Teachers / Students / Administrators

Our Help Desk Support Team provides information for teachers, students and school administrators who have questions or need assistance. Types of questions and inquiries handled by the team include:

- Student and parent questions
- Teacher and school administrator requests and assistance
- Student enrollment and placement questions
- Technical and course content questions and assistance

Monday through Friday 7:00am to 8:00pm MST
