

## NCLB SUBJECT MATTER COMPLIANCE PLANS

Teacher's Name: \_\_\_\_\_

School: \_\_\_\_\_

Instructional Setting:

Is Charter School

CDE expects all IS charter school teachers to be NCLB compliant in all core areas by 2010. A new professional growth plan, VPSS is being developed to begin in Fall 2008/9. It will require 72 hours of PG in each core area. Indicate below how you plan to meet the certification in each core area below. (If you already are NCLB certified, write "Certified" in the box next to the core area.) A compliance option must be checked for each core academic subject that you are not currently certified in. If you are not in process of certification in a core area, then indicate the number of units you currently have in that core area. This will determine where you begin in the VPSS pg plan.

Core Academic Subject	CCTC Approved Subject Matter Program	Undergraduate Major In Core Area	32 non-remedial semester units semester units (or 48 quarter units)	Graduate Degree In Core Area	CCTC Approved subject matter exam (CSET)	At least 20 total or 10 upper division semester units AND LEA Supt approved Level 2 Professional Development	Less than 20 total or 10 upper division semester units (AND LEA Supt approved Level 1 AND Level 2 Professional Development
