Life Skills Electives Planning

Graduation Requirements for Life Skills: 10 units Computer/Typing, 5 units Health, 20 units PE, 15 units electives. (Beginning graduating class of 2012, required: 5 units of Education and Career Planning, leaving 10 units of life skills electives). The X's show which standards may have been met by the required courses. Prior to High School Graduation, each school standard must covered in a life skills course. The standards highlighted are not met by the required courses (Computer/typing, PE, Health, Educ./Career) and should be covered by an elective class chosen from the list at the top of the table. Any increment of units in a course is acceptable.
